Supt Drummond

Just to provide a quick background as I have been contacted by both PRU and the CMD CTR. Call came into PRU at approx. 1728hrs. PRU Agent did the best she could to keep the caller on the line, notify a supervisor and obtain as much info as possible. Interesting opening remark made by the caller was that he wanted to talk to the "Watch Commander". Here are the high level details:

- Male making threats to OPS members and buildings - stating truckers are going to ram the OPS buildings and OPS members would not be returning to their families tonight
- Saying it will occur within the next 3 minutes
- Male not forthcoming with any information – no phone number / no location / no name
- Demanding to speak with a Sargent
- Simard relaying information to Labelle who was In direct contact with Comms
- Command Centre was notified by Comms
- Male hung up
- ***Phone call cannot be traced based on how call came into the auto attendant.

PRU has been in touch with both Comms and the CMD CTR. Operations Commander Harper is currently tied up with an OPP warrant but has been briefed by the CMD CTR Sgt. CMD CTR have the recordings secured and have forwarded them to Central Investigations (Donald Duff). S/Sgt Maureen Bryden is aware of the report and team is actively looking into this. CMD CTR has visuals on all police stations (as best possible) via the security camera systems.

Will ensure a service wide BOLO is sent out.

Update to follow.
